Emergent Stroke Care

Presented by: Pam Almandinger

September 10, 2014 12:00 PM-1:00 PM (Pacific)

Objectives- participants will be able to:

- 1) Review signs and symptoms of acute stroke
- 2) Discuss the impact of hyper-acute stroke management on patient outcomes
- 3) Identify implementation strategies for rapid stroke assessment and treatment

Please join us for the second in a series of three free **WEBINARS** geared toward bedside nursing care of the stroke patient.
